Spellbreak's New Mode Isn't Quite Deathmatch, But It's A Very Good Time

When I first wrote about Spellbreak, the battle royale whose battles royale evoke Avatar: The Last Airbender more than Battle Royale, I said that its combat was so good that it could form the backbone of a myriad of other kinds of games, including a more traditional deathmatch. Now that's exactly what's happening.

I love the new spellbreak gamemode! I love to play with my friends, because things get pretty hectic sometime. It's not a regular BR by any means, but it's good anyways

Quibi Is Shutting Down After Six Months

After its launch just six months ago, bite-sized entertainment streaming service Quibi is shutting down. This follows news that Quibi was exploring a potential buyout or merger last month after raising nearly \$2B in initial capital.

As reported by The Wall Street Journal, Quibi is set to shutter the service according to a recent call to investors with co-founder Jeffrey Katzenberg.

Alexandria Ocasio-Cortez Streams On Twitch With Hasan Piker And Pokimane, Draws Over 430,000 Viewers

It began on Monday with a simple question: "Anyone want to play Among Us with me on Twitch to get out the vote?" Representative Alexandria Ocasio-Cortez asked on Twitter, and nearly every even vaguely left-leaning streamer on Twitch answered.
